

The logo features a circular icon on the left, resembling a lens or a camera aperture, with a glowing blue light effect. To its right, the word "HOLOGRA" is written in a bold, blue, sans-serif font. The number "3" is significantly larger and rendered in a 3D, blocky style with a blue-to-cyan gradient. To the right of the "3" is the ".com" domain extension in a smaller, blue, sans-serif font.
